

BINAYA RIJAL

AI Artist | Web Developer

My proficiency in Youtubing, Web Developing and AI artistry enables me to push the boundaries of creativity, merging technology with artistic expression. Currently pursuing a BSc. CSIT at Damak, Jhapa, Nepal, I am dedicated to continual learning and growth in the ever-evolving landscape of digital media. Based in Jhapa, Nepal, I am eager to express my diverse skill set to make meaningful contributions to the internet community and beyond.

Experience

YOUTUBE

YouTube Content Creator Dec 2023- Present

Made fun and interesting videos for YouTube. Grew a big audience by telling good stories and making cool videos. Worked with companies to show their stuff in videos. Used data to make videos better.

WEBSITE DESIGN

Website Builder Nov 2023- Present

Built websites that work well on computers and phones. Used things like HTML and CSS to make websites look good and work right. Talked with people to understand what they wanted and made it for them. Fixed up old websites and made them better.

AI ARTISTRY

Art with Computers Feb 2023 - Present

Created cool pictures, sounds, videos using computers and special programs. Used artificial intelligence to make unique and interesting art. Showed art online and in galleries to share with others. Worked with teams to find new ways to use computers in art.
